Question!

Tough Puzzle...

→ The Problem

A vast estate contains seven houses. Each house contains seven cats. Every cat lords over a flock of seven mice. Each mouse runs through a forest of seven stalks of spelt. Each plant grows seven lone grains.

In all, how many objects can you count in the houses?

Answer to puzzle above:

Scale up the complexity. Each grain has seven layers, each layer has seven fibers, each fiber has seven branches, each branch has seven segments, and so on and so on. How far do you need to go before you start looking for a new tool to solve the problem in one move? When does this stop being a multiplication problem and become something more advanced?

+

A simple enough problem, but here are two ways to make it harder.

The total number of objects is simply cats + mice + spelt + grains = $7^2 + 7^3 + 7^4 + 7^5 = 19,600$

Grains: $7 \times 7 \times 7 \times 7 \times 7 = 7^5 = 16,807$

Spelt: $7 \times 7 \times 7 \times 7 = 7^4 = 2,401$

Mice: $7 \times 7 \times 7 = 7^3 = 343$

Cats: $7 \times 7 = 7^2 = 49$

Let's start by tallying up each type of item. First up? Cats. If each of seven houses have seven cats, then there are 49 cats total. From there, we just follow the pattern of multiplication all the way through this problem.

This riddle is similar to the one found on the Rhind Mathematical Papyrus, currently housed at the British Museum and inscribed around 1550 B.C.E. Counting cats and mice is all about multiplication, repeated enough times that readers might want to think about them in terms of exponents.

The **Bermuda Bowl**, **Venice Cup**, **d'Orsi Senior Bowl** and the **Wuhan Cup** are for national teams, respectively Open, Women, Seniors and Mixed, representing their countries, qualified from the 8 WBF Zonal Conferences.

The **World Transnational Open Teams** is open, without any qualification, to all teams, national or transnational, which want to participate, accordingly to the conditions of contest.

The **World Bridge Teams Championships**, the oldest WBF Championship, grew out of private initiatives principally by the late Norman Bach. The first world championship for the Bermuda Bowl was held in 1950, in Bermuda, 8 years before the World Bridge Federation itself was formed. After the first event of the series, the Bermuda Bowl developed into a regular challenge match between the USA and the winners of the European Championship, but in 1957 the contest widened to included teams representing other zones of the WBF.

In 1974, in Venice, Italy, a new event was launched, the Venice Cup. It started as a challenge match between women's teams from the USA and Italy (Europe's representative) and today it is the equivalent of Bermuda Bowl for women, organized under the same laws and format.

A third series, the Senior Bowl, for senior players was added in 2001. Ernesto d'Orsi, Past President of the WBF and a member of the WBF Committee of Honor and the WBF Executive Council, presented the d'Orsi Seniors Trophy for the winners of this Championship at the World Teams Championships held in Brazil in 2009.

In March 2018 in Philadelphia the Executive Council added a fourth series for Mixed Teams starting from 2019 in Wuhan, China. This new event was named after the City of Wuhan which presented the prestigious trophy and provided, and will provide for the future editions, replicas for the winners.

SENIOR KIBITZING SCHEDULE (EDT)

Kibitzing times on Friday will be:

Match 1: 11:30 am EDT

Match 2: 1:15 pm EDT

Match 3: 4:00 pm EDT

Match 4: 5:30 pm EDT

On Saturday times will be:

Match 5: 11:30 am EDT

Match 6: 1:05 pm EDT

Match 7: 2:35 pm EDT

Match 8: 5:10 pm EDT

Match 9: 6:45 pm EDT

After Saturday, the Seniors' times will match the Women's as follows:

Segment 1: 11:30 am EDT

Segment 2: 1:45 pm ET

Segment 3: 5:00 pm ET

Segment 4: 7:15 pm ET

Note: The Women's starts Saturday and their times will be as above throughout.

Nail biting!

Do you want to be deeply involved? Choose the "Match view" at the starting page of your event. Your screen will be divided into four small screens – two of them showing the two tables of the match you choose, the other two having the scoresheet for your match and the current scores of the other matches. In the 2x2 view you can also personalize the content in all your windows. (The 2x2 view is not available on mobiles.)

Think together!

When watching a table, click on a name and choose "Kibitz". Instead of seeing all 4 hands, you will see what the player sees, and you can decide what you would do and see whether your chosen player agrees.

More Information:

Be well informed and tell your friends: while following the play, you can click many items. The image of the sticker with the number of the board (upper right) takes you to the results of the board, in the bottom right corner the arrow takes you to the scoresheet, DDS shows the double dummy analyses, beside that there is a button for the other table of the same match, at the top left corner you can see the bidding with alerts and the explanations (mouse over), the tricks already played, and the double dummy analysis for the available number of tricks with the par score.

Navigation icons:

While surfing here and there in the vugraph, or amongst the archive sessions, there are icons to help you. You can go back to the main page with the "house" or to the standings with the "scores". If you cannot see the icons, move your mouse, or touch your screen and they pop up immediately. There is also a built-in back button because the back button of your browser will always take you to the starting page. If this is not what you wanted, push next in your browser and you can continue where you were.

Replay:

After the event you can find every board from every table easily. While replaying the hands, the only surprise can be the way "next board" button works. If you have arrived from a scoresheet, it navigates through the scoresheet. If you have arrived from a screen where the results were shown for a given board, the same buttons move you through the list. Push every button and enjoy!

2023 USBCs Hospitality

Although the Covid situation has improved, it is still out there. To keep our players and staff safe, we want to keep the number of people in the suite to a minimum at any one time. Our wonderful hostesses, Maya Alela and Marie-France Benoit will host you in our usual suite (Room 2321). Grab and go breakfast and lunch each day, except that on the first Monday and Tuesday, when lunch will be available in the Copper, Sage, and Maize meeting rooms off the corridor running from the hotel's front door to the back door.

Seniors and Women's: On Friday, Saturday, and Sunday, breakfast will be in the hospitality suite, but lunch will be in the Slate Room at the front of the hotel.

The hotel will be doing what they do best, salads and on Sunday house made chips. We will be providing the main courses from local restaurants. On Friday, lunch will be from 1:00-3:30; on Saturday and Sunday, lunch will be from 2:00-4:00. From Monday on, lunch will be in the hospitality suite from a little before 2:00-4:00.

There will be a main dish (sandwiches, chicken, main dish salads, pizza) as well as tuna salad, green salad, cheese, fruit and berries. Also, all the individual packages of add-ons we have for breakfast plus water and soft drinks will be available in refrigerators.

Let us know what you want: If you have specific needs or prohibition, please let Maya or Marie-France know and they will do their very best to provide food that meets your needs.

Your hostesses would appreciate it if you would mask-up when in the hospitality area especially when crowded. Thank you!!

Playing Rooms & Player's Break Room

We will have bottled water in the playing rooms and if there is a refrigerator in a playing room we'll stock it with soft drinks.

We will also have bottled water in the Player's Break Room (1321), as well as soft drinks, Nespresso, some packaged snacks, and some fruit. We are working in that room and would appreciate it if you try to keep voices low.

Masks will be required in playing rooms only if your screenmate asks you to wear one. You do not have to put on a mask when you summon a director or ask someone to bring you coffee or water or escort you outside to smoke.

Bridge: A MindSport For All

Connects People, Challenges Minds

Sam Punch is an amazingly hard worker and a wonderful promoter of our game! She has worked wonders in the last several years organizing and heading BAMSA. We support her wonderful work and hope you support it too!

Bridge, Youth and Schools

Who am I? My name is Samantha Punch, Professor of Sociology at the University of Stirling, UK. I lead the international work of BAMSA.

What is BAMSA? *Bridge: A MindSport for All* (BAMSA) is a research project working collaboratively with bridge organisations to increase the number of players and transform the image of the mindsport.

BAMSA believes that bridge can be promoted as a potential solution to tackle big societal issues of social isolation, loneliness, mental health problems, inclusivity and healthy ageing.

BAMSA's new study

The new project aims to develop academic evidence that demonstrates the skills and wide-ranging benefits that bridge, as a mindsport, can offer young people. The study will investigate the benefits and challenges of teaching bridge in schools. The goal is to encourage schools to take bridge as seriously as chess, and mindsport education as seriously as physical education.

How can donating help?

By donating, you enable BAMSA to conduct this work in the USA as well as Europe. The funding pays for the researchers to interview school teachers, bridge teachers, pupils and parents to explore what helps and hinders learning bridge. The funds are used to develop practical resources from the findings to enable growth of youth bridge communities in USA and Europe.

How can I donate? ***All donations will be doubled* (matched by Levine Foundation)**

Online via the University website: www.stir.ac.uk/carddonate Scroll to the bottom of the page and choose single gift, this will direct you to our donation form where you can select "Bridge Research Project" as your designated cause.

Tax efficient giving for US donors: The University of Stirling is an approved institution with British Schools & Universities Foundation. You donate through their website stating that you wish the donation to go to the University of Stirling: www.bsuf.org/donate

The World Bridge Federation has been invited to the **Olympic Esports Week** ("OEW") in Singapore, June 19-25, organized by the International Olympic Committee.

The WBF, together with the platform providers, BBO and Funbridge, will have a pavilion at the Free-To-Play Zone ("FTPZ") that the IOC is providing, June 22-25, for a limited number (10-15) of its recognised "International Federations" during the OEW. It is a great achievement for Bridge to have been selected to exhibit our progress in the field of electronic sports.

The FTPZ will be a large exposition at the Suntec Convention Centre, and tens of thousands of visitors are expected. It is an important opportunity to showcase Bridge as a modern sport, adopting the latest technology, including Artificial Intelligence.

At our pavilion, we will live-stream tournaments on both platforms with local and international competitors, provide "MinibrIDGE" demonstrations, show play on Lovebridge tablets and various other promotional activities. Many activities can be followed online on YouTube, and possibly Twitch.

Leading up to the tournaments in Singapore we are arranging qualification events on both BBO and Funbridge.

The overall winner on each platform will be invited (travel and accommodation) to the Transnational week (August 28 - September 2) during the World Championships in Marrakech, and there will be a ranking by country with prizes in the form of the platform's "currencies".

In a competitive auction, Garner and Wolfson bid to 5D on Board 31 in the Seniors.

If Paul Lewis leads any suit but hearts, the game can be defeated.

Given his heart overcall and Linda's mixed raise, plus Wolfson's showing a second suit in clubs which might or might not be running from what Paul can see, it is really tough not to think that heart tricks might go away if

the suit isn't led on the go. Backing up that thinking, he led the HA. He continued hearts and Wolfson won the king. Wolfson cashed the DA, creating this wish trick:

Wolfson cashed the DK, felling Paul's queen. He cashed two rounds of clubs, conceded a club to Linda, and claimed 11 tricks and the vulnerable game!

In the other room, Itabashi and Silverman stopped in 2NT. Levin led a fourth best heart. Silverman took one heart, one spade, two clubs and six diamonds, making four. 9 IMPs to Wolfson

Bidding "close" vulnerable games has long been a successful IMP strategy. This hand is evidence.

On Board 36, Garner and Wolfson bid another aggressive minor suit game: 5C.

At the other table, Itabashi and Silverman chose to defend 4HX.

Parts of the auctions are interesting.

In the Closed Room, Paul Lewis overcalled 2S, **not 2H**, over 2D... even though he has more hearts than spades. He may have done this in order to show both suits later if the opportunity presented itself.

Ironically, 4S is makeable while 4H is not.

Even on the lead of the HA followed by the HK, if South wins the first spade, North's spades are too small to ruff higher than dummy!

In the other room, Levin bid 2H over 2C.

Itabashi bid 2NT and Silverman raised to game. Levin bid 4C looking for any more information Becker could impart.

Becker bid 4D; Levin bid 4H. When this passed around to Silverman, he doubled and they played it there.

While 4S would have created a double game swing, playing 4HX-1 was still better than defending 5C making. In essence, 4H was a good save!!

What do you notice that's strange about this traveler? Is it a flat board when both tables in the match play in 2S down two vulnerable? Answer: Only when the board is played the same direction ... once by one team and once by the other. In this scenario, it was played twice by the same team!

In the Open Room, Wildavsky/Doub play weak NT's.

Doub opened 1C planning to show hearts if Wildavsky bid 1D or show an opening strong NT if Doub bid 1S.

When Doub rebid 1NT, it was reasonable for Wildavsky to assume that Doub held at least two spades. As such, Adam bid 2S to play.

Of course, none of this would have occurred had Berkowitz overcalled 1NT!!

In the Closed Room, Paul Lewis overcalled 1NT.

South had an easy pass and Linda Lewis transferred to 2S. 2H=transfer

The bad spade break punished both declarers.

Limey Jack

Cheerio Colonials:

Limey Jack may have been a wee bit ahead of himself yesterday. Of course he was right about Wolfson winning, but there is still one more match to go in your never ending USBC's. Limey Jack is quite knackered.

You may have noted that Hamman hung about in order to have a joust head to head with Wolfson. Being that this is the Senior Trials, this has been a long week for all of these lads.

Howie Dung will pick the sentimental favourite in Hamman, as this is his final appearance in this event. Hamman has competed with honour, but the end is nigh.

The Wolfson team got a withdrawal and thus a badly needed kip, while the Hamman team lost two of its participants and now must soldier on with but a quartet. Two more days with no break is too much to ask. They will have to dig deeper than the Parson planting the summer squash. Alas, will it be enough. In consult with Zia, he says no. Wolfson wins USA2 with a furlong to go.

Limey Jack has been chuffed to bring you these events, make you a few quid, and to best the blathering twit.

Cheers, LJ

Mirror Mirror on the Wall,
Who is gonna take it all?

Howie Doing...

Hamman and Wolfson
Meet in a duel.
One's sure to lose,
And the loss will be cruel.

Schermer went home
Feeling quite sick.
Should that impact
The winner I will pick?

Chambers's in chambers.
No Schermer, no Neil.
4 handed squads
Don't have much appeal.

Wolfson kicks butt.
He's gonna cruise...
Hamman fights back
But he's still gonna lose!

Howie Doing...well, thanks.
